Following a report from the Olympic Rankings WP, the Events Committee recommend that work recommence as a priority within the Executive Office, on the development of the new Rankings system.

Events Committee Agenda item 13.1: Match Racing Sub-Committee

The Events Committee support the Match Racing Sub-committee noting that in 2020 maintaining the Match Racing Rankings has been challenging. With budget issues, staff furlough and Covid-19 there are clear reasons for some of the issues. However, there are short-term and longer terms issues that need to be addressed. The MRSC recommends that the Board ensures that the necessary budget and resources are urgently put in place to help improve and manage the Match Racing Rankings.
