Unfortunately, the situation with COVID-19 has limited the actions of the members of the Women’s Forum.

Some of the WF members informed us that they were holding webinars in order to keep the interest of the sailors, race officials etc and most importantly to try to keep a positive attitude amongst the people involved in sailing.

It has been a very difficult year for everyone. We hope that the situation will be slowly – slowly improved so that we all go back to our “normal” life.

We thank you for your cooperation during these four years and wish you all the best.

Elena Papazoglou – Chair
Selma Altay Rodopman – Vice Chair
