Case Book Working Party

Annual Report for 2020

The major project for the Case Book Working Party in 2020 is preparation of the revised Case Book incorporating all changes made necessary by the many new rules and edited rules that were included in *The Racing Rules of Sailing for 2021-2024*.

Because the postponed sailing events at the Olympic Games will be conducted in 2021 under the new edition of the RRS, the Case Book Working Party was asked to move up the publication date of the revised Case Book by several months. At the time that this report is written, work on the revised Case Book is well underway, thanks to much appreciated hard work by the working party.
